Unlocked Cars Being Rifled through

September 9, 2019

Just a quick FYI someone, a young lady has been checking unlocked cars. My Ring saw the motion but the camera didn't capture the event. I looked outside and saw a woman walking on the side walk. When I went out to the car I noticed the passenger door open slightly and my glove box had been rifled through. Nothing of importance missing. So forewarned is forearmed - remember to lock your cars and close your garage doors.

Unlocked Cars Being Rifled through

September 9, 2019

Just a quick FYI someone, a young lady has been checking unlocked cars. My Ring saw the motion but the camera didn't capture the event. I looked outside and saw a woman walking on the side walk. When I went out to the car I noticed the passenger door open slightly and my glove box had been rifled through. Nothing of importance missing. So forewarned is forearmed - remember to lock your cars and close your garage doors.
